You've got files

paulrosasco@emsidenver.com

has sent you some files

Attached are the analytical laboratory reports for the July 2013 groundwater sampling that were recieved in August 2013. Along with the Test America reports provided with the July report, you should now have received all of the Test America and Eberline reports for the July monitoring event. Also attached are the Test America and Eberline reports for the two samples obtained from the Golfport location. Please be aware that we have asked Test America to revise some of their reports to address missing information. The revised reports will be provided with next months progress report and/or as part of the data report for the July monitoring event.

Available until 17 September, 2013
